**LETTER OF APPRECIATION ON REMOTE MONITORING, TRAINING AND
DIAGNOSTIC SUPPORT**

Dear Sir,

We are very happy with remote monitoring, training and data analysis support being extended by your team for Combined Cycle Power Plants:

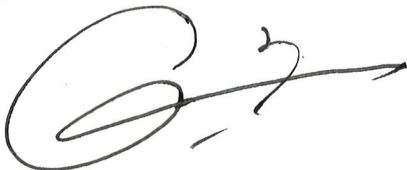

- Tuanku Jaafar Power Station (PD1 703 MW, PD2 708 MW)
- Pasir Gudang Power Station (276 MW)
- Gelugor Power Station (300 MW)

and Coal-fired Power Station; in Malaysia:

- Manjung Power Station (2100 MW)

We hope for your continued support in all aspects of data validation, thermal performance modeling and analysis.

Thank you,

MOHD NAZIM BIN ABDUL RAZAK
Senior Manager (Thermal Plant Performance)
Performance & Diagnostic
Generation Division
