Sub : InDB historian implementation at our GREL (2x 384 MW) combined cycle power plant

Attn:
Ramakrishna Commuri
ProcDATA Labs

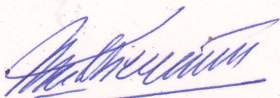

Dear Sir,

We thank you for implementing your InDB historian at our GMR Rajahmundry Energy Limited (2 X 384MW) combined cycle power plant.

It helped in significant savings when compared to the commercial historians implemented at other sites in our fleet.

It is working well and we look forward to your continued support.

Thanks

Mathews Purackal
Vice President
GREL & GVPGL.
