Dear Rama,

On behalf of GMR Energy, I would like to thank you for successful implementation of OSI PI historian at our sites – Chennai, Kakinada and Vemagiri.

In addition to an efficient implementation of PI historian and customizing it to our needs, we are happy with the knowledge your team demonstrated in various aspects of our diverse fleet of Power plants. Such knowledge was very crucial in tailoring the historian to our needs.

More importantly, the post implementation steps you laid out for Engineering analysis of data are impressive and could be very useful to us going forward. We look forward to working with you again in future and can gladly recommend your services to others interested in OSI PI implementation.

Thanks,

S. Ramprasad
